We are pretty well, thanks be to our great God, along with the brethren. Hello brother Gary and Sister Vicki,

I send you an affectionate hello, as always, hoping that everything is well with your dear family and the brethren in Christ, enjoying the blessings of our Heavenly Father. Obviously, this is just a down payment; eternal blessings await us, for which we fight – for ourselves and for those who will believe on His word.

My family and the brethren are well. There are some sick, such as Brother Julian Gomez from Suspiro who was the husband of the late Sister Juanita. He is very sick; he has a lot of problems with his vision – he doesn't see much of anything anymore. I was with them yesterday, and he is very content in his faith. He thanked me for preaching to him the gospel some 20 years ago. He only knows me by my voice when I talk to him. I'm visiting the brethren in order to encourage them in the faith and those who aren't brethren to deliver the gospel to their hearts so that they might repent.

Hello, Sister Vicki,

I greet you with affection, as always, along with your dear family. I hope that you are all enjoying the blessings of our good God. My family and I are all pretty well. My wife is a little better. She has medicine from the doctor for her illness. The brethren that I've visited are all well, thanks be to God.

We are very thankful to our good God, because the brethren here in Ocosingo have resolved the problems that there were between them and all is peaceful again, according to some from both sides who have spoken to me – I found out from them themselves. I was very sad due to what was happening with them, so I wanted to let you know when I found out so that you would be able to pray for them. If I've done poorly in communicating these things, I beg your forgiveness.

That's all I have to tell you for the moment. May God bless you in everything.

Your brother in Christ,

Humberto Rodriguez Santiz

Hello, Sister Vicki, to you and your dear family, hoping that all of you are well, enjoying the blessings of our good God, and thanking God for having called us into His kingdom, where we are able to receive this hope – that we might one day arrive in heaven if we don't faint in our faith.

We are fairly well; my wife, Sister Griselda, is a little sick. Some days ago, the doctors had said that she would have to have an operation because of the benign tumor that they found in her uterus, but we've seen the doctor again in recent days and they just gave her medicine to control and reduce her pain. She has another appointment the 27th of August in San Cristobal.

This week, Sister Carmelina Lopez, who meets here in Ocosingo, got sick and they had to do an appendectomy. She may get to go home either today or tomorrow, according to the doctors. We ask your prayers for these sisters.

With that brief hello, I'll move on to my report for the month of July, 2009.

- 1st We were in meetings with the brethren here in Ocosingo, trying to motivate them to unity. I was joined by the brethren in Santa Elena and Brother Delfino Urbina from San Cristobal.
- 2nd-5th I preached in local churches – Jahuaca, Suspiro, Chabarico, and Porvenir, near Pueblo Nuevo. The brethren were all very happy with these visits.

- 22nd-24th Brother Delfino Urbina from San Cristobal and I preached for the church in Jahuaca
- 25th I visited Brother Francisco from Rancho El Milagro
- 26th I preached for the church in Santa Elena and in the afternoon studied with Brother Pedro's family in Santa Maria.
- 28th We met with the brethren in San Cristobal, where brethren from various local congregations attended.
- 29th I studied with the brethren who now meet in the 20th of November neighborhood (*Note: neighborhoods are often named by the date that they were started – vc*)
- 31st I preached for the church that meets in Lequilm.

Those are all the visits I managed to make during the month of July. My wife, with the blessing of God, was able to accompany me to do almost all this work. I hope in God that He will continue to give us life so that we can continue in this work. I want to thank you for your financial support of this work and I thank you so much for your wonderful willingness to be a part of it. May our God guard you in everything, because without this, the costs of getting around are very difficult. May God bless you richly.

With affection,

Dear Sister Vicki,

Greetings in Christ to you and your dear family, with hopes that you are enjoying the blessings of our good Creator and always praying that the gospel might be preached everywhere, especially since you have plans for a meeting in California with the brethren and their families in Christ. I send greetings, also, to the brethren that you might visit, since I don't know them.

My family and I are well spiritually and alright physically. My wife is a little sick and I was sick last week with a fever, but now I'm a little better, continuing in the struggle to preach the gospel. The brethren in Santa Elena are well, thanks be to God.

I'd also like to share with you some bad news, worrying and sad, with respect to the church here in Ocosingo. It divided because of problems that they weren't able to work out or understand. I dare say this because yesterday, Tuesday the 30th of June, 2009, some of the brethren who left gave me notice that they were cutting communion with Brother Andres Sanchez. The brethren in Santa Elena and I already knew some days before about these problems and on the 29th, we went to talk to Brother Andres. This afternoon, the 1st of July, we are going to talk to the brethren who left, to see if we can do something for them so that they might reconcile. It appears that Brother Delfino Urbina from San Cristobal is also going to be there with us in the discussion. According to the notice they gave me, there are about 10 brethren who left, plus their children.

We'd like to ask your prayers for these brethren, that they might understand each other.

Your brother in Christ,

Humberto Rodriguez Santiz

Dear Sister Vicki,

I send you and your family a brotherly greeting, as well as the brethren in Christ. I hope all of you are well. We are well spiritually, thankful to be called by our Lord and Savior, to be in this communion. How beautiful it is to have received this hope and to be able to preach His word and continue giving hope to those who believe in His name!

On the other hand, we are a little concerned because Sister Griselda, my wife, began to be sick last month. We went to the doctor and found out that she has two problems. One is that she has a benign tumor in her uterus and the other is her gall bladder. According to the doctor, she needs two operations at different times. For the moment, we are saving money for the operation within 15 or 20 days, Lord willing.

We have hope in our Lord and the prayers of our brethren. I'll say goodbye now. May God bless you in everything.

Your brother in Christ,

Humberto Rodriguez Santiz

Dear sister in Christ,

I greet you with affection, as always. I hope that this finds you and your family well, enjoying the blessings of our good God. Here in Mexico there is a certain fear with the swine flu, but people forget God. We who are in Christ don't pay it much attention because He is our shield and our present help in time of trouble, but each day we should be more concerned with being ready in the faith. My family and I are well and the brethren are all well at the moment.

Now I'll move along to my report for the month of April, 2009.

Dear brethren,

I hope that you are all well, enjoying the blessings of our good God. My family and I are well, as well as the brethren. Some have been sick, but we have hope in the will of our God because it is only through Him that we breathe each moment. Without him we are nothing, but through Him we have lots of courage and it doesn't matter what color, standing, or size we are, because we have been bought by His blood (Acts 20:28) and the advantage of a christian is that we have the hope of heaven. For this reason, we continue working to bring more souls to His name, preaching the gospel.

- 6th I preached for the church in Santa Elena and we visited one family

February 4, 2009

Hi, Sister Vicki and Brother Gary,

I'm happy to write you; I hope that this finds you all well, filled with the blessings of our good God Almighty, just as my family and I are all well. We continue in the work of preaching the good news of Jesus Christ for our salvation and that of others, as Jesus said in John 17:20-21, and we fight for fellowship with those who must believe. Among the brethren there are some who are sick physically, like Sisters Tomasina of Jahuaca, Rita who recently moved to become a member here in Ocosingo, Elena from Santa Rosalia, and brother Julian from Suspiro. They got sick this month and continue to be sick, so we are visiting them to encourage them so that their faith won't falter.

I was glad to hear that brother Gary and you are making plans to visit us here in Chiapas and if God lends us life so that we can, we will be with you in San Cristobal. I am also going to talk with the brethren in Santa Elena about you visiting us. I hope you have enough time.

Tomorrow – Thursday, the 5th, 6th, 7th and 8th of February I will be preaching for the church in San Cristobal, along with some other brethren. I am preparing for that meeting now. Monday the 2nd of February, Brother Hector from Jahuaca came to invite me to help with the evangelistic effort in a place called Pueblo Nuevo (New Village), so now I have plans to go there on the 19th, 20th, and 21st of February. I'll take advantage of the fact that I'll be near them to visit the brethren in Jahuaca and Suspiro.

Last week I had an invitation from an institutional church in Chavan to study the differences between us. We will study about the autonomy of the local church because that church is directed by leaders who are from far away.

That's all I have to tell you for now. My wife, Abraham and Pablo say hello. May God bless you richly.

Your brother in Christ,

Humberto Rodriguez Santiz

hola hermana Vicki y hno. Gary, me da gusto saludarlos, espero que todo se encuentren bien, llenos de bendiciones de nuestro buen Dios todo poderoso, a igual que nosotros estamos bien con la familia y seguir con la tarea de predicar las buenas nuevas de Jesucristo, para la salvación nuestra y los de mas como dijo Jesus en Juan 17.20-21, y luchar por la comunión, y a los que están de creer,

entre los hermanos hay algunos que están enfermos físicamente, como las hermanas.

Tomasina de Jahuaca, Rita que ultimamente pasó a ser miembro aquí en Ocosingo, Elena de Sta. Rosalia, y el hno. Julian de Suspiro se nos enfermaron este mes pasado aun hasta ahora siguen enfermos, y por lo cual estamos visitando motivando, para que su fe no falte,

y me alegra oír que el hno. Gary y usted agarran planes para visitarnos aquí en Chiapas, y si Dios nos presta vida para poder estar con ustedes, en San Cristóbal y también voy a hablar con los hermanos de Sta. Elena para que nos visite y espero que traiga más tiempo,

mañana jueves 5 y 6, 7, y 8 de febrero, estare predicando en la iglesia en San Cristóbal, en compañía de otros hermanos, me estoy preparando para esta serie, y el día lunes 2 de febrero vino el hno. Héctor de Jahuaca para hacerme una invitación, para apoyar en la evangelización en un lugar que se llama Pueblo Nuevo, ya hora tengo planes para los días 19, y 20, 21 de febrero, para visitar los hermanos de Jahuaca y Suspiro para ese día, y aprovechar que voy a estar cerca de ese lugar,

la semana pasada tube una invitación de una iglesia institucional en Chaván, para estudiar la diferencia, estudiamos sobre la autonomía de la iglesia local, porque esa iglesia es mandado por los líderes que son gente de afuera,

y esto lo que le puedo informar, y reciba saludo de mi esposa y Abraham y Pablo, Dios les bendiga ricamente, su hermano en Cristo Humberto Rodríguez Santiz,
